

The Christmas Shop

For over 50 years, Kingdom House has celebrated the generous spirit of the holiday season through our Christmas Shop. Serving an average of 400 families each year, the Shop provides carefully curated household and clothing items, as well as age-appropriate toys. Our aim is to strengthen families while connecting them with the generous gifts of our donors. The Christmas Shop is a complement to the holistic programming provided at Kingdom House, empowering individuals and families toward economic mobility. (Donations are accepted year-round.)
